## OGDEN TO BE HIT BY STRIKE OF MAINTENANCE OF WAY MEN FOR FEBRUARY 17; MORE PAY WANTED

DETROIT, Mich., Feb. 9.—A strike of 300,000 members of the Brotherhood of Maintenance of Way Employees and Railroad Shop Laborers was called for Tuesday, February 17, at a meeting of the general chairman of the brotherhood here today.

Original demands of the brotherhood were for an average increase of forty per cent, the greater increase to go to the lower paid men.

That the Salt Lake division of the Southern Pacific railroad and the shops of the company in Ogdan and other places on the division would not be seriously affected by the strike of the Brotherhood of Maintenance of Way Employees and Railroad Shop Laborers was the statement of local railroad officials today.

The strike, which has been called

for February 17, will affect about six laborers at the Southern Pacific shops in this city but will have greater effect among the maintenance of way employees of the Salt Lake division of the Southern Pacific road.

While local officials do not know what per cent of maintenance of way workers are members of the union, it is estimated that 1500 to 2000 workers will walk out, should the strike culminate. It was stated that approximately 200,000 employees of the Southern Pacific lines would be affected.

No estimate as to the number of workmen on the Union Pacific and the Oregon Short Line roads who will walk out was available. It is thought that the Ogdan Union Railroad & Depot company will be affected to a small extent, having quite a force of maintenance of way employees on the payroll.

## Theatres of Ogden Opened, Influenza Ban Lifted in City

With certain restrictions, theatres, picture shows and other public gathering places were opened today.

With reports to the health authorities today that there were not more than a third as many new cases reported today as in the past, this action was deemed safe by the board of health.

With the lifting of "flu" restrictions today, hundreds flocked to various picture houses of the city this afternoon. Practically every theater in town reported big patronage this afternoon.

The show houses have been thoroughly cleaned and fumigated. A meeting of the county board of health, in conjunction with Dr. T. B. Beatty, secretary of the state board of health, and Commissioner J. Ray Ward, chairman of the city board of health, was held at noon. At this meeting it was deemed safe to open public gathering places.

Chairman Ward also issued the following order:

"Proprietors of picture shows, theatres, halls and other gathering places will not allow or permit more people to enter or remain therein than can be seated at one time; neither will they permit persons to remain in such place who are repeatedly coughing or sneezing. They will not permit collection of people either in such places or in halls or entrances thereto.

"The best possible ventilation will be maintained in all rooms where gatherings of people are held and persons afflicted with bad colds, coughing or sneezing will not attend gatherings.

Hotels, apartment houses and rooming houses will keep all rooms that are occupied, heated to a temperature of at least 68 degrees, except during the hours rooms are used only for sleeping.

"Doorknobs and latches of all business houses and public places will be thoroughly cleaned at least twice each day. Hot water and soap will do for this purpose. Gatherings for all purposes, except dancing, will be permissible, providing that the rules and orders of the board of health are enforced and adhered to.

"Dancing will not be permitted until further notice.

"City ordinance prohibits expectoration on sidewalks and other public places.

(Signed) "J. R. WARD  
"Chairman Ogdan City Board of Health."
